

Project Title: **THE REVERSAL!**

Name:

Date finished:

Hour:

**Description of Lesson:**

The intent of this project is to hone the students printing abilities by matching the values from one picture to the next, creating a seamless mirror image. Students will also learn an alternate mounting technique.

**Craftsmanship:**

- Quality of the film, was is shot with proper lighting, variety of angles, burn marks, watermarks, etc?
- Photographic prints/negatives are free of errant applications?
- Photographic product is presentable in accordance with lesson objectives.
- Photographic materials and methods are used appropriately
- Is the picture focused, clean, cropped well, etc? Are both images used successfully to create one unified photograph?
  
- Mounting was done with care?...
- Do the borders measure 2"x2.5" on the bottom, is the matt clean, cut correctly, is dry mount tissue visible?

**Design:**

- Conscientious use of the elements and principles of design are effectively utilized

**In-Class Participation:**

- Did you use class time properly, show up to class on time, utilize intervention time as needed? Were you able to complete all of the steps by yourself?
- Did you submit your finished project both digitally, and the hardcopy?...
